

THE FACE OF **COMFORT DENTISTRY**

Dr. Pamela Marzban, DDS

8996 Burke Lake Road, #101, Burke, VA 22015 | 703.565.2965 | www.marzbandds.com

Comfort in a dental office...believe it! In our practice we offer all natural organic sedation, digital imaging, ultrasonic cleanings, provide painless injections, blankets, music and many other services to keep our patients relaxed....but this is not the only reason why our patients are comfortable. The true comfort comes from trust. Our patients know that we have their best interest at heart and we work with integrity. We treat each one of them uniquely, with empathy and gentility. We deliver this care in

our state of the art facility and from a team with exceptional training. Each woman on our team brings a different perspective to our group but shares the same mission. We have dedicated ourselves to our patients and our practice by continuously training to remain on the leading edge of our field. We are the face of modern and comfort dentistry. The work we have done has been published, awarded and internationally recognized. We invite you to visit our website to view the wide variety of services we offer to our patients and to get to know us better.
