

FACES OF WASHINGTON 2016

THE FACE OF JEWELRY

Boone & Sons

McLean, VA | Chevy Chase, MD | Washington, DC | 703.734.3997

Boone & Sons Jewelers is a family owned and operated tradition dating back to 1966. Celebrating their 50th year, they have built their reputation on fine jewelry at competitive prices, and above all, customer service. With stores in three locations (Chevy Chase, Downtown DC, and McLean), Boone & Sons is a full service jeweler, performing expert repairs to jewelry and watches, appraisals for insurance, and much more.

A total of 10 Boones are active in the business,

and the employees without their names on the front door may as well be family, having worked 20 years and more in most cases. Treating each customer like family has been the standard to which the founder, French Boone, has built the business over three generations.

Boone & Sons has become a Face of Washington because the relationship with their customers matters most. A visit to Boone & Sons provides intimate, personal attention for all jewelry needs.
