

THE FACE OF **BREAST RECONSTRUCTION**

Dr. Alex Mesbahi and Dr. Mark Venturi

7601 Lewinsville Road, Suite 400, McLean, VA 22102 | 703.287.8277

Washingtonian Top Doctors Mark L. Venturi and Alex N. Mesbahi are among the leading board certified plastic surgeons specializing in breast reconstruction in the greater Washington, DC area. Founders of Washington Breast Reconstruction, Dr. Venturi and Dr. Mesbahi are a part of an elite class of surgeons in the nation with the expertise and training in complex microsurgery techniques that restore natural looking breasts to active cancer patients and survivors. Performing

the most advanced reconstructive procedures in microvascular and implant-based breast reconstruction, including DIEP flaps, oncoplasty and prepectoral technique, they are uniquely qualified to offer patients both primary and revision breast cancer reconstruction. Dr. Venturi and Dr. Mesbahi work closely on a daily basis with numerous, highly-regarded breast surgeons in the area who entrust them to deliver the quality of care and outstanding results they have gained a reputation for providing. www.washingtonbreastreconstruction.com
