**P**aige Buscema is known as the “go to” when it comes to quality, prescription eyewear in the DMV. Her optical boutique, Eyetopia, Inc. draws clients from DC, MD, VA, PA, WV and beyond. When asked what makes Eyetopia unique Paige says, “It’s a place that caters to a client’s individual needs and interests rather than the ‘one size fits most’ of mainstream optical today.” Paige volunteers in civics, donates to local causes, and is looked to as a community leader. Further, Paige believes strongly in supporting small

businesses that are like minded in their drive for high quality service and in such, partners with some of the best in the industry to provide her clients with Rx eyewear that is as unique as they are. Thirteen years of helping clients, “look good, see well, and be seen” makes Paige and her team at Eyetopia, Inc. the face of quality eyewear.
