

## THE FACE OF **CARDIAC SURGERY**

**Dr. Fareeha I. Khan, MD - Virginia Heart & Vascular Institute**

2826 Old Lee Hwy #100, Fairfax, VA 22031 | 703.560.1075 | [www.vaheart.org](http://www.vaheart.org)

**D**r. Khan is the president/CEO of Virginia Heart & Vascular Institute, assistant professor of medicine at VCU. She is a board certified cardiologist, who specializes in invasive and non-invasive cardiac surgery. She also specializes in treatment of varicose veins. Virginia Heart & Vascular Institute is committed to the prevention, diagnosis, and treatment of cardiovascular disease by offering state-of-the-art services including diagnostic and interventional cardiology, invasive procedures,

cardiac rehabilitation, and education. At Virginia Heart & Vascular Institute, we use a variety of tests to produce different types of information of the heart. Our goal is to make you feel at home throughout your medical evaluation & treatment procedures based on the latest research and techniques available, and provide the right treatment plan that best suits your individual needs.
