Best Weddings Publication*

Letter from the Editor

At *Washingtonian Weddings*, our mission is to create a magazine that celebrates local love, that showcases area talent (of which there is a lot), and serves as the ultimate resource for couples planning one of the most meaningful days of their lives. Throughout its pages we offer inspiration and tips, highlight local planners, photographers, florists, stationers, gown shops, musicians, and more, and try to balance the season's chicest trends with our conviction that each couple is different, and every celebration can be, too—from the multi-day extravaganzas to the intimate at-home dinner parties. We're here to help our readers navigate an exciting and also often stressful time, to help them achieve the day they've been dreaming of, and to connect them with the vendors, the people, that can bring it all together.

Thank you for considering a partnership with our award-winning magazine. We look forward to working with you!

Cheers,

A handwritten signature in black ink that reads "Amy". The signature is stylized with a large, looped "y" and a long, sweeping underline.
